

Restoring Richmond Plan

EFFECTIVE
MAY 20

STEP 1

Step 1 is characterized by the restoration of public access to most outdoor park amenities and indoor tennis with limits on group size.

Parks

- Restore access to **outdoor tennis courts** with singles (one-on-one) play advised.
- Restore access to **bike parks**.
- Restore access to **skate parks**.
- Restore access to currently closed **dog parks** (Ketchesen and Elmbridge).
- Restore access to **outdoor basketball courts** with limited users. Two per hoop and/or same household participants. No organized games permitted.
- Restore access to **outdoor volleyball courts** with limited users. Two per side and/or same household participants.
- Restore access to **outdoor lacrosse boxes** with single use activities and/or same household participants. Limit to eight people total (four per side). No organized games permitted.
- Restore access to **sports fields** for recreational and passive use. No organized games permitted.

Recreation and Sport Services

- Open **West Richmond Pitch & Putt Golf Course** with limited players (May 27).
- Open **indoor tennis courts** with limit of singles play (one-on-one) only. No spectators (May 27).

City of Richmond Service Restoration Continuum

The City Services Restoration Plan consists of five steps, which exist along a service restoration continuum of lower risk, lower impact on the left to higher risk, higher impact on the right. The timing and order of each step, and the restoration of individual programs and services within each step, is subject to change as the COVID-19 pandemic evolves. This plan assumes that there is no setback in the collective societal progress to flatten the curve of infections.

By considering the restoration of services on a continuum, there is inherently an expectation that changing information and advice may require movement back and forth along that continuum. Should the restoration of any one service (or group of services) not be advisable due to updated health recommendations, immediate movement back along the continuum can be implemented.

STEP 1	STEP 2	STEP 3	STEP 4	STEP 5
Characterized by the restoration of public access to most outdoor park amenities and indoor tennis with limits on group size.	Characterized by expanded access to outdoor park amenities and the restoration of outdoor recreation programming. City Hall, the Works Yard, and select community facilities are re-opened with limited hours and some restrictions.	Characterized by the re-opening of recreation facilities and outdoor swimming pools with limited hours and some restrictions. Registered programs for children and preschoolers are restored with modifications.	Characterized by expanded public access to programs and services at all Community Services facilities. Indoor pools and arenas re-open and small community events are restored.	Characterized by the full restoration of programs and services at all sites and facilities once all public health orders are lifted. Program and service delivery is reflective of a new desired future state of programs and services.
